

Mandela Day 2019 Project: Zimasa Primary School

What is it?

Each year SAME Foundation chooses one of its beneficiaries as a recipient of our Mandela Day initiative, where we bring together like-minded organisations to benefit the school on the day and going forward. This year we will be working at Zimasa Primary School in Langa, Cape Town.

When is it?

We will host the event on Mandela Day, Thursday 18 July 2019.

How do we do it?

- Donors will join us on 18 July 2018, 09h30 until 15h00.
- We will have designated areas for you to work on.
- Our team will already have done preparation work.
- We will organise all the equipment and supplies needed, as well as a team on site to assist.
- We encourage companies to bring branding for photo/video opportunities.
- We will have a professional photographer and videographer on site.
- Catering / light lunch will be provided by food trucks.
- A quick program takes place in the morning, followed by a fun day of making change.
- We issue you with an 18A Donation Receipt and BEE letter of thanks for your donation.

Why is this beneficial?

Our Mandela Day initiatives are always part of our larger high-impact projects. At Zimasa Primary we completed a science laboratory in 2018. This year, with your assistance, we will paint the exterior of the Grade R building and give it a new and bright facelift! With enough participants we can paint an entire building in just one day!

Cost:

A donation of R30 000 for your team of 10 employees to attend. A cost breakdown is attached of how the funds are used. These funds go towards the project and BEE and 18A tax certificates are issued.

Dress Code:

Don't forget to dress comfortably, we recommend old clothes because you will get hands-on and dirty!
