The S.A. Medical & Education Foundation is a section 18a public benefit organisation whose mission is to create an environment where quality health care is available to everyone. The annual **Red Ribbon Campaign** was launched in 2005 to create awareness in South Africa regarding the HIV/AIDS pandemic and intends to create a change of attitude to sexual behaviour, dispel discrimination and deal with the stigma attached to HIV/AIDS. We urge companies to get actively involved in educating their staff on HIV/Aids.

**Report back on 2009 Campaign:**

The 2009 Red Ribbon Campaign saw us taking on our 3rd ARV Clinic in Delft. Thanks to the participation of our donors, we have successfully built and handed over the 13 roomed clinic to the Western Cape Minister of Health Theuns Botha on the 5th October. Thanks to our sponsors an additional 2000 patients will now be able to receive ARV treatment.

S.A. Medical & Education Foundation Gauteng opened its office in Rivonia on the 11th of October 2010 and has a staff complement of 7. At the request of the Gauteng Health Department we are working with two Trauma Units namely, Leratong in West Gauteng and Pholosong in the East. Both the hospitals are in urgent need of both infrastructure changes and life saving medical equipment. We will need R6 million to complete both these units. The Gauteng office contact number is (011) 2342096.

**2010 Campaign: Brooklyn Chest Hospital:**

The Brooklyn Chest Hospital is the only facility treating XDR TB patients in the Western Cape. It's a 345 bed hospital and consists of 56 paediatric beds which are usually filled to capacity with over 60% of these patients being HIV positive. Children treated there can stay there from 6 months to 2 years and are not able to attend normal school. We believe that every child should have access to good quality basic education. To solve this crisis we'll be renovating an existing structure at the facility, the total budget for the project is R1000 000 which consists of: Renovations R625 000 + Equipment R375 000. Naming rights to the school will be given to the company that donates R1000 000 or more.
