### **REVAMPED NEONATAL UNIT (WARD 4)**

Hi Dianne

Since the changes and revamping of our Neonatal unit there has been a significant improvement in patient flow. The new state of the art equipment has also allowed our staff to manage patients more accurately, more thoroughly and much more confidently. The morale of our staff has also been boosted by the air of confidence and pride that now prevails and this new enthusiasm is even felt by the mothers and families of our little patients.

Word has also reached the community that Leratong Hospital boasts a new state of the art Neonatal unit and it appears that more mother now want to deliver their babies in Leratong Hospital, as our beautiful, bright new ward seems to be filling up very speedily. The work done is truly exquisite and our neonatal unit can be compared to any such unit in a private facility.

Once again thanks for a job well done Dianne.

Yours truly,

---
